WilliamsI was very patiently waiting for this book because I got several other books by Vianna Stibal and I felt I had not found the key to how to go to the creator safely. But I was also able to find some one with experience of going to Theta that shed some light on the technique. After telling me about her experiences she and I tried it together Boy was that a thrill. I was eager to read this book It opened up so much knowledge for me and made sense about what I am trying to do with my life. This book made me understand where I had questions and how to them answered. Thank you Ms. Stibal for Theta HealingAdvanced ThetaHealing: Harnessing the Power of All That Is8 of 8 people found the following review helpful. RepetitiousBy LileeFound this book to be repetitious as I did the first book. I thought I would be learning something new but found everything was pulled from other teachings, Viana's life experience stories are interesting and I believe this is her calling. I am sure their are some who will be enlightened by her books I just feel they are not meant for me.Theta Healing: Introducing an Extraordinary Energy Healing Modality1 of 1 people found the following review helpful. a must read - very informative yet practicalBy PabbsHave read most of her books as I do quantum healing - the book is informative and principles easy to apply . Developing relationship with creator of all is not just for healing but part of every day life experiences . You develop a deeper knowing and trust that raises your frequency allowing you to block out the negative and focus on the positive . I apply these principles every day and encourage others to trust and use them . The tools in this book improve your belief systems and make you create a life of purpose filled with gratitude. Theta is the most marvellous method around and this year I want to teach others how wonderful it is !! So thankful to Vianna for putting it out there

In her first book, Vianna Stibal, the creator of ThetaHealing, introduced this amazing technique to the world. Based on thousands of sessions with clients who have experienced remarkable healings with Vianna, this comprehensive follow-up is an in-depth exploration of the work and processes central to ThetaHealing. As you read, you will learn about Feeling, Belief, and Digging Work; and also be given information on the 7 Planes of Existence, which allow you to

connect to the highest level of love and energy of All That IS. This is advanced energy healing that will enable you to enhance your life physically, emotionally, and spiritually!

About the Author Vianna Stibal is an artist, writer, teacher, and intuitive reader.
